

Instalación de Open Cart Windows con Xamp

Paso 1

Creación de base de datos en mysql

Para ello debes ir al tu servidor local y al administrador de base de datos mysql : <http://localhost/phpmyadmin/>

Y crear una base de datos nueva llamada **open cart**

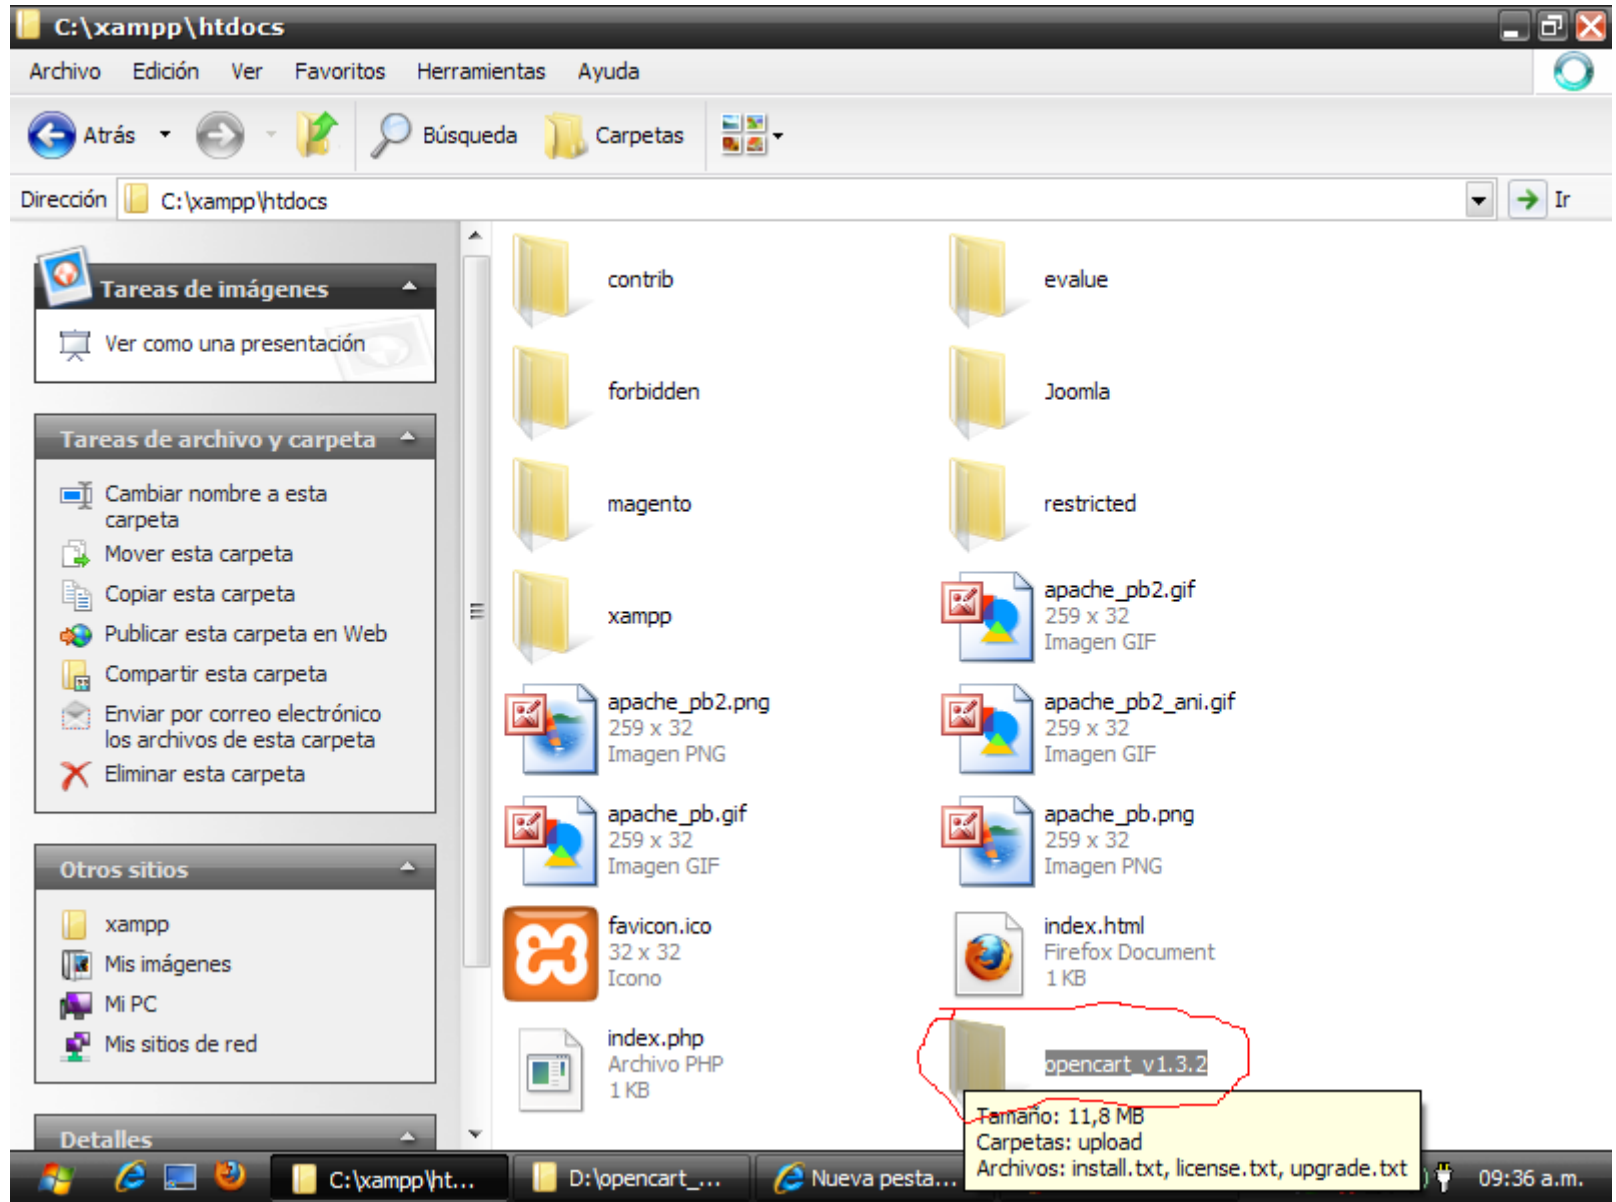

The screenshot shows the phpMyAdmin 2.11.7 interface in Internet Explorer. The browser address bar shows <http://localhost/phpmyadmin/index.php?db=opencart&token>. The main content area is titled 'localhost' and displays server information: 'Versión del servidor: 5.0.51b-community-nt', 'Versión del protocolo: 10', 'Servidor: localhost via TCP/IP', and 'Usuario: root@localhost'. Below this, it shows 'Juegos de caracteres de MySQL: UTF-8 Unicode (utf8)' and 'Cotejamiento de las conexiones MySQL: utf8_unicode_ci'. The 'Crear nueva base de datos' (Create new database) section is active, with the text 'opencart' entered in the input field and the 'Crear' button highlighted. The right sidebar shows 'phpMyAdmin - 2.11.7' with various settings like 'Versión del cliente: 5.0.51b', 'Idioma - Language: Español - Spanish', and 'Tamaño del font: 82%'. The bottom taskbar shows the Windows taskbar with the current directory 'C:\xampp\htdocs' and the system clock at '09:34 a.m.'.

Paso 2

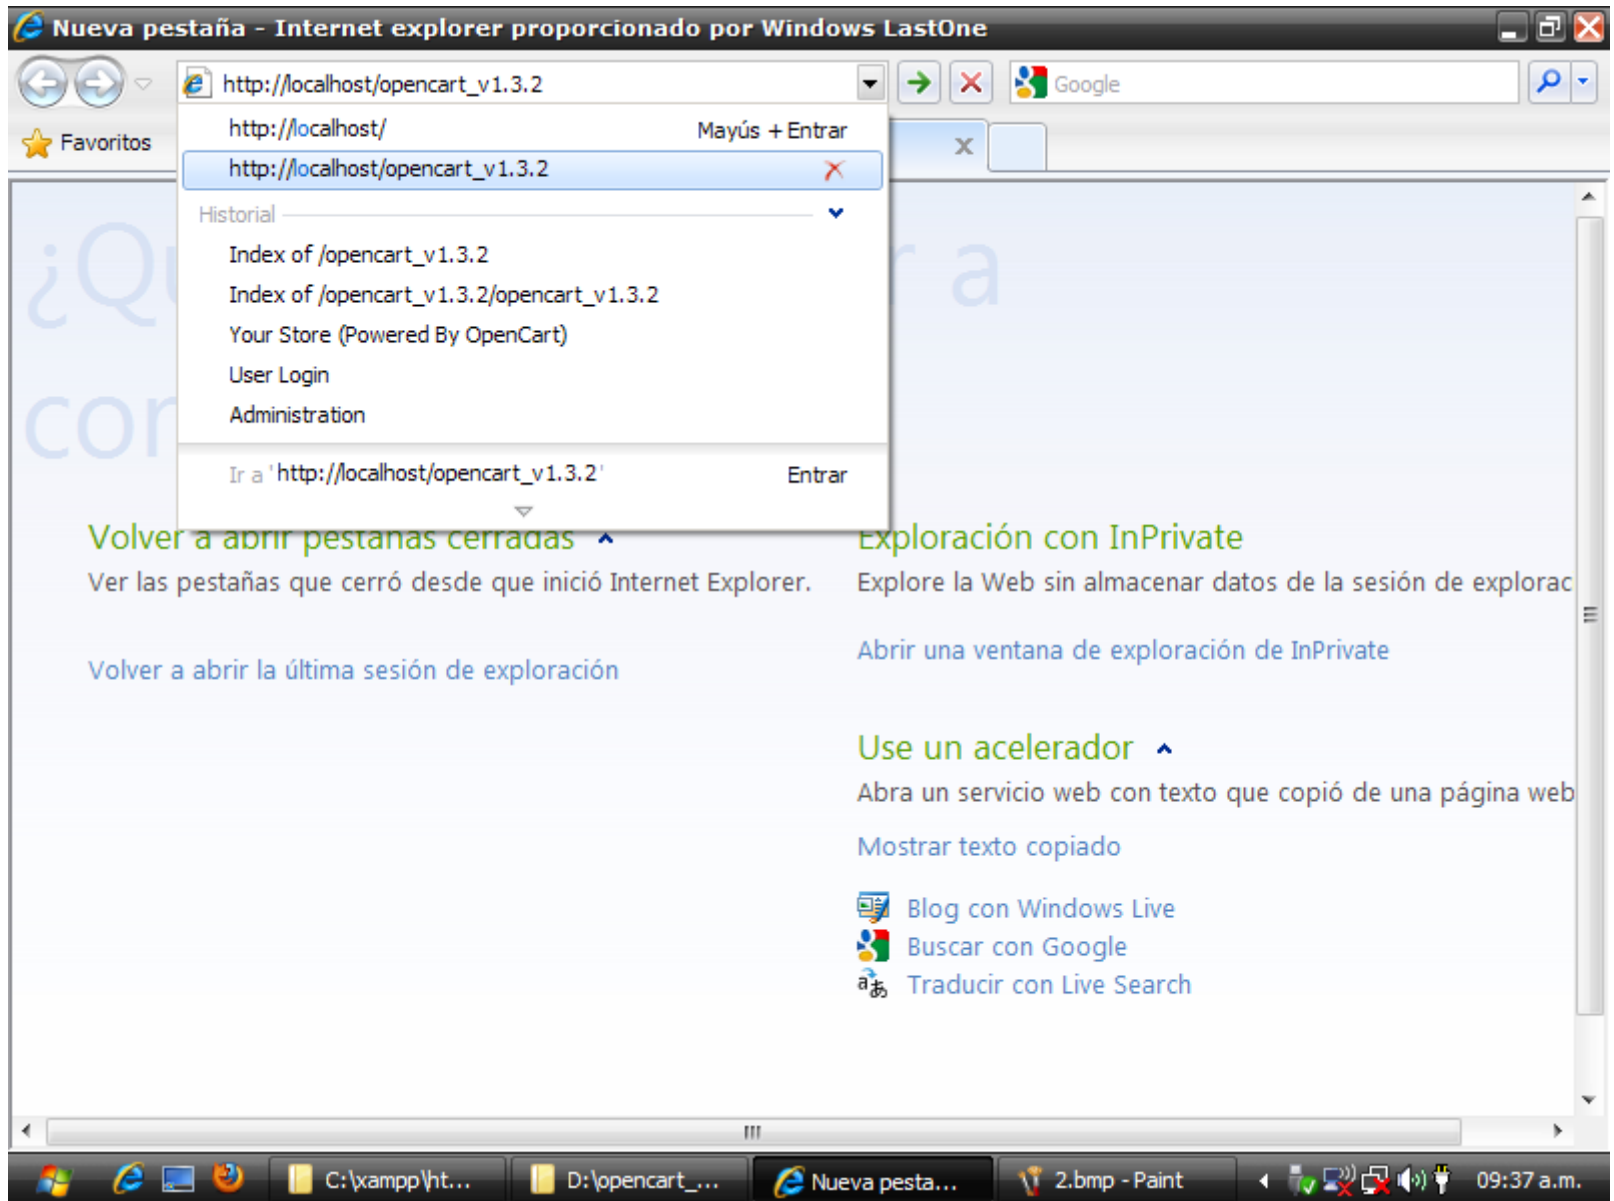

Copiamos en directorio de instalación posteriormente descargado de open car al a la carpeta de sitios web de xamp

Para copiar la carpeta es la siguiente dirección **C:\xampp\htdocs**

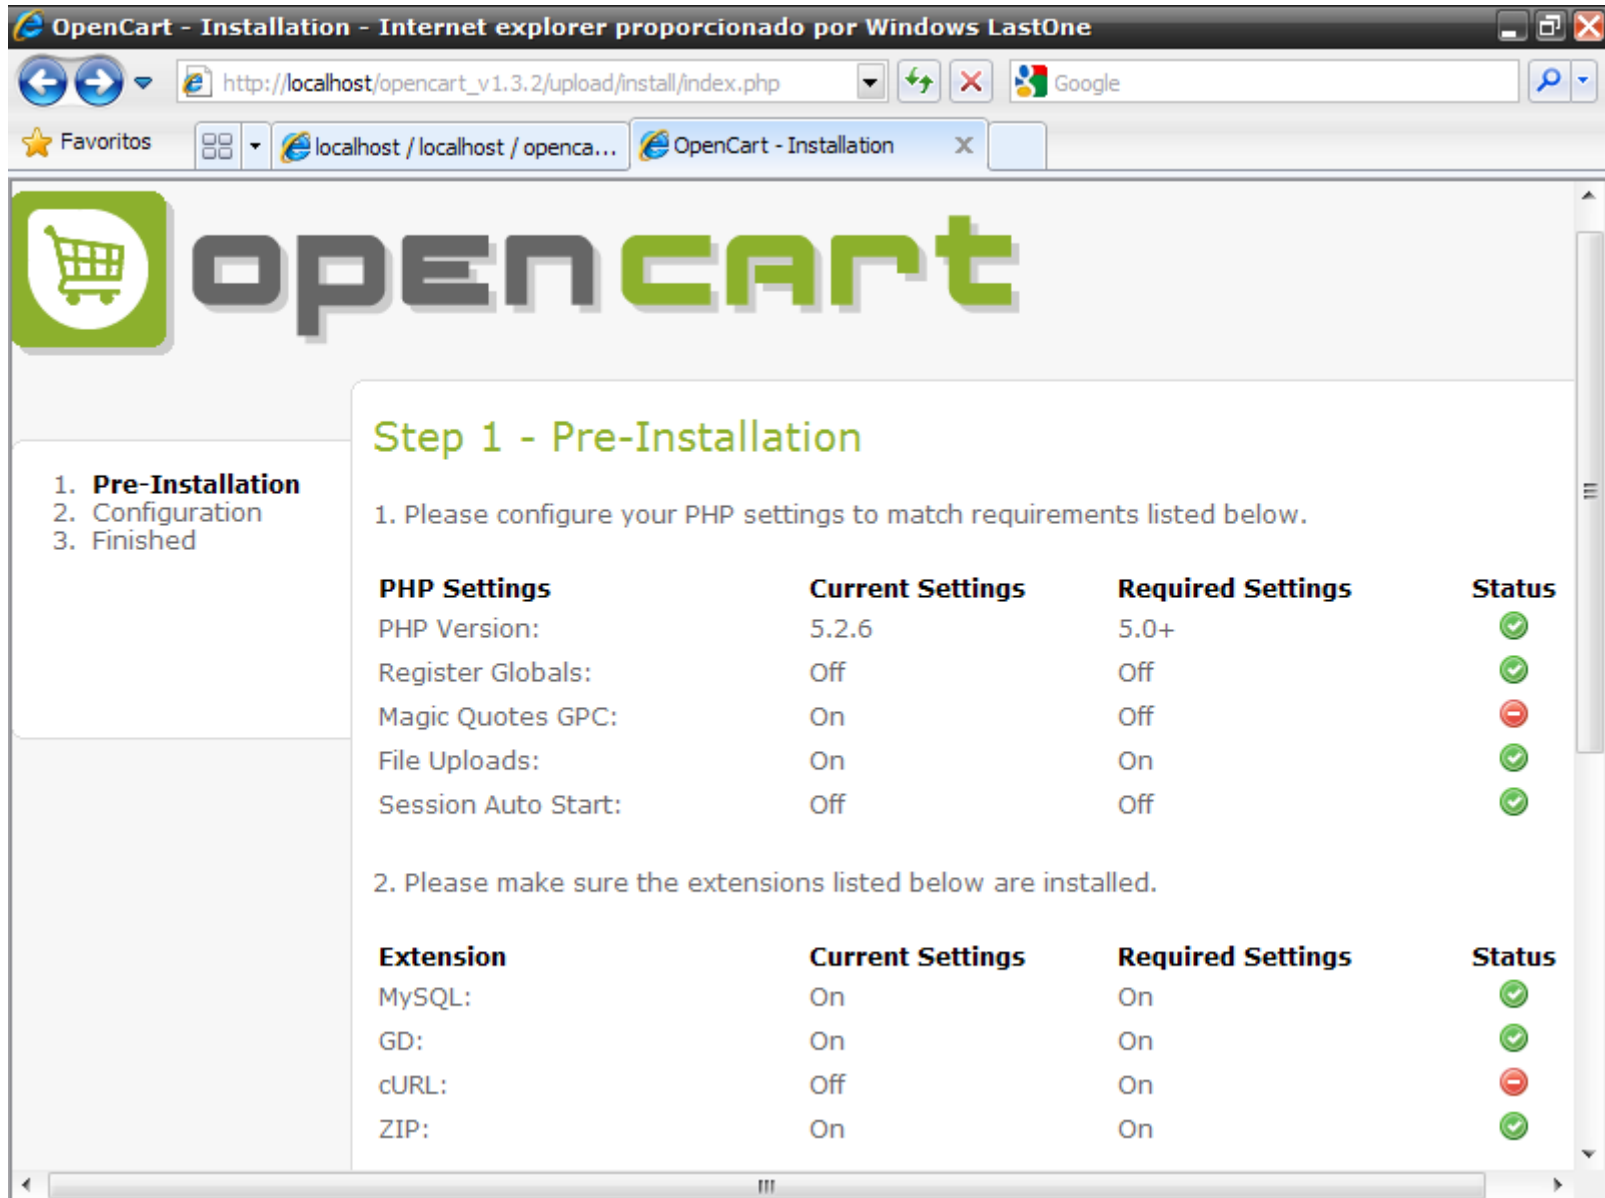

Paso 3

Ingresamos al directorio de instalación de opencart en nuestro Internet Explorer

Paso 4

Entramos en la instalación propia de opencart en esta paso se evalúa el sistema para ver si están los componentes necesarios para ejecutar opencart, de caso no tenerlo el sistema nos dara un error, pulsa en el botón siguiente para continuar

Step 1 - Pre-Installation

1. Please configure your PHP settings to match requirements listed below.

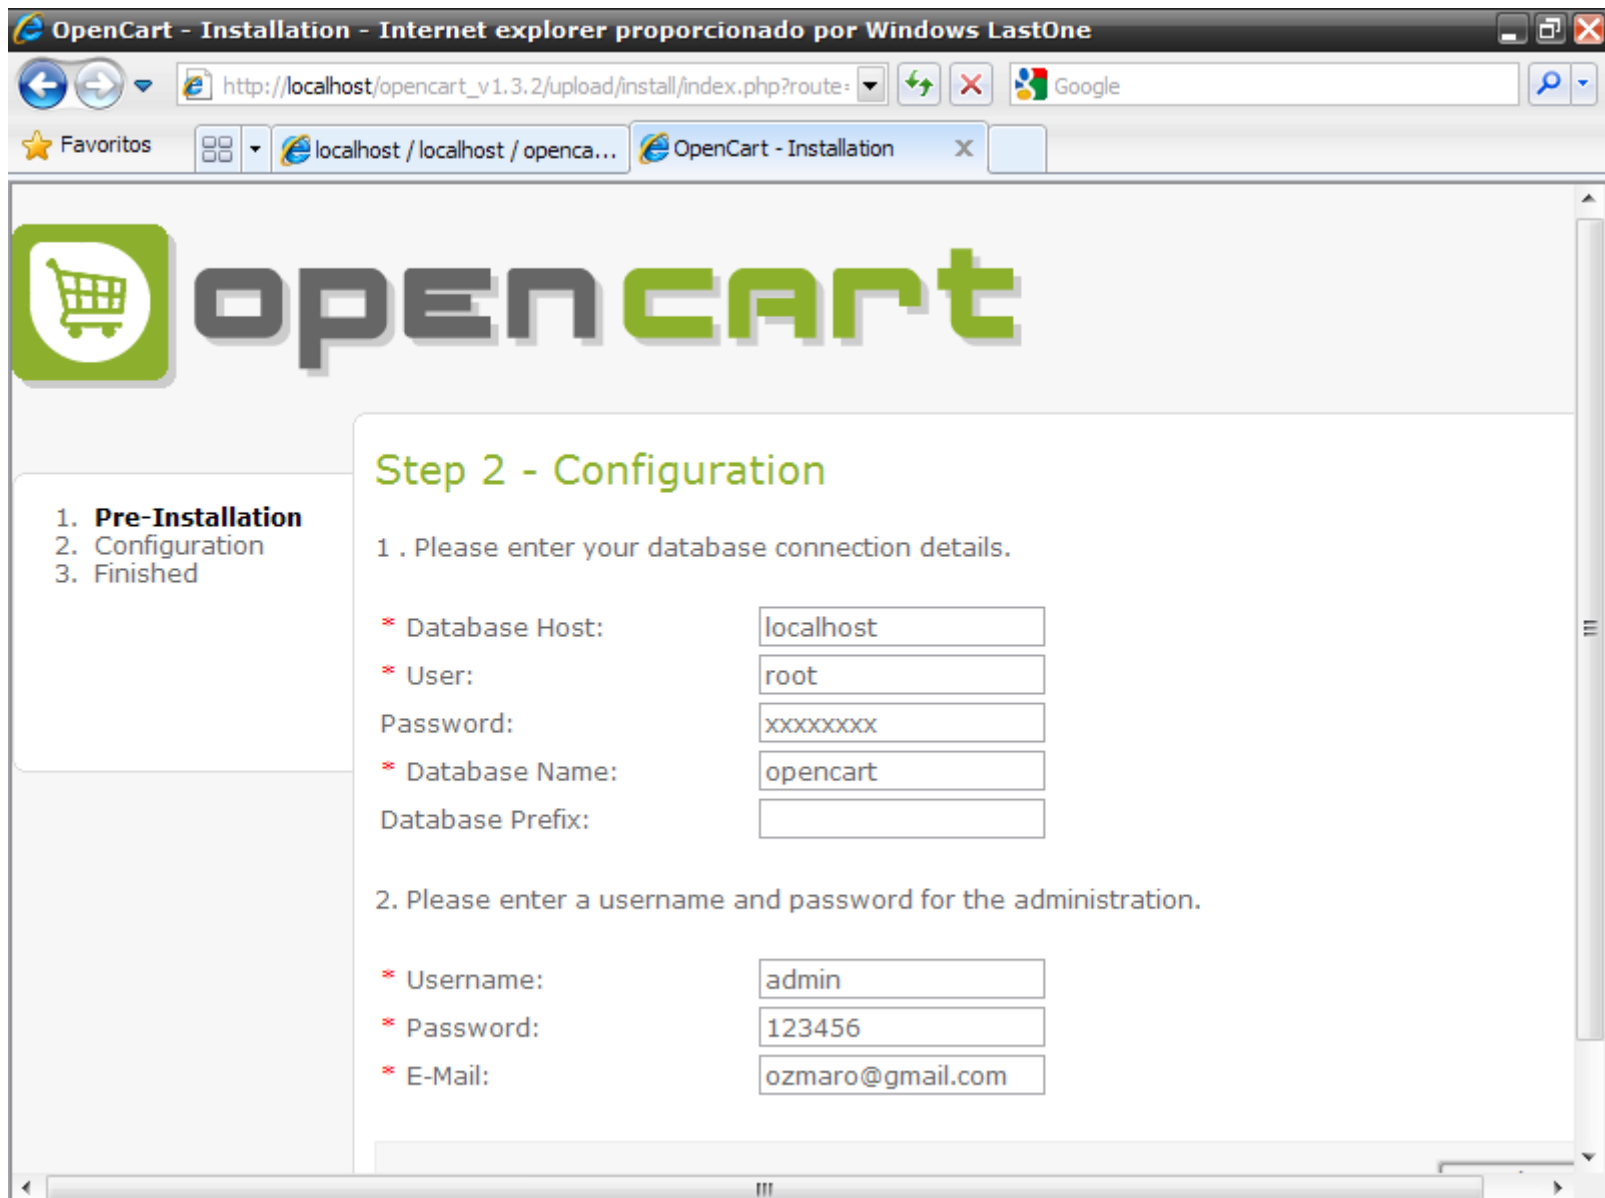

PHP Settings	Current Settings	Required Settings	Status
PHP Version:	5.2.6	5.0+	✓
Register Globals:	Off	Off	✓
Magic Quotes GPC:	On	Off	✗
File Uploads:	On	On	✓
Session Auto Start:	Off	Off	✓

2. Please make sure the extensions listed below are installed.

Extension	Current Settings	Required Settings	Status
MySQL:	On	On	✓
GD:	On	On	✓
cURL:	Off	On	✗
ZIP:	On	On	✓

Paso 5

Este quizás es el paso mas importante de open cart, donde colocamos en nombre del servidor, el usuario, password de nuestra base de datos, luego el nombre del administrador de sitio, su password, su correo

The screenshot shows the OpenCart installation interface in Internet Explorer. The browser title is "OpenCart - Installation - Internet explorer proporcionado por Windows LastOne". The address bar shows the URL: "http://localhost/opencart_v1.3.2/upload/install/index.php?route:". The page features the OpenCart logo and a navigation menu with three items: "1. Pre-Installation", "2. Configuration", and "3. Finished". The main content area is titled "Step 2 - Configuration" and contains two sections for data entry.

Step 2 - Configuration

1 . Please enter your database connection details.

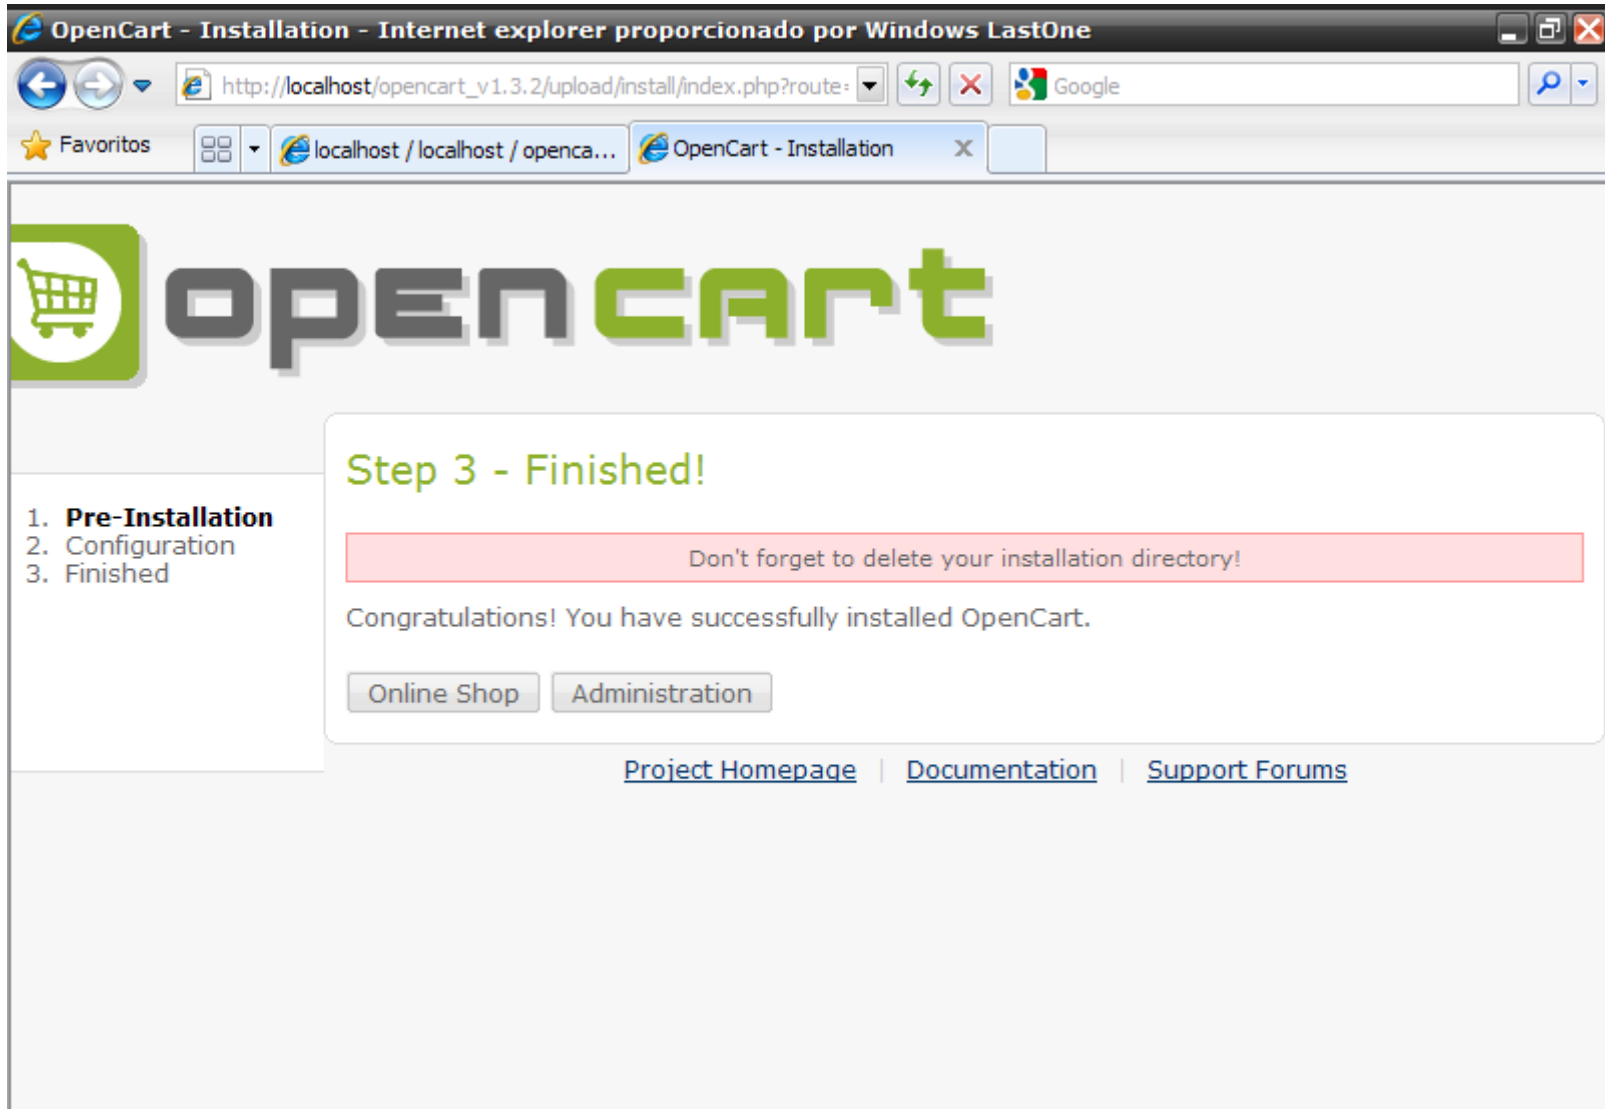

* Database Host:	<input type="text" value="localhost"/>
* User:	<input type="text" value="root"/>
Password:	<input type="text" value="xxxxxxxx"/>
* Database Name:	<input type="text" value="opencart"/>
Database Prefix:	<input type="text"/>

2. Please enter a username and password for the administration.

* Username:	<input type="text" value="admin"/>
* Password:	<input type="text" value="123456"/>
* E-Mail:	<input type="text" value="ozmaro@gmail.com"/>

Paso 6

En este paso nos pide que borremos el directorio de instalación de open cart, el cual esta ubicado en la carpeta del xamp que copiamos al inicio **C:\xampp\htdocs\opencart_v1.3.2\upload\install**

The screenshot shows a web browser window titled "OpenCart - Installation - Internet explorer proporcionado por Windows LastOne". The address bar displays the URL: `http://localhost/opencart_v1.3.2/upload/install/index.php?route=`. The browser tabs show "localhost / localhost / openca..." and "OpenCart - Installation".

The main content area features the OpenCart logo (a green shopping cart icon next to the text "OPENCART") and a central message box:

Step 3 - Finished!

Don't forget to delete your installation directory!

Congratulations! You have successfully installed OpenCart.

Below the message are two buttons: "Online Shop" and "Administration".

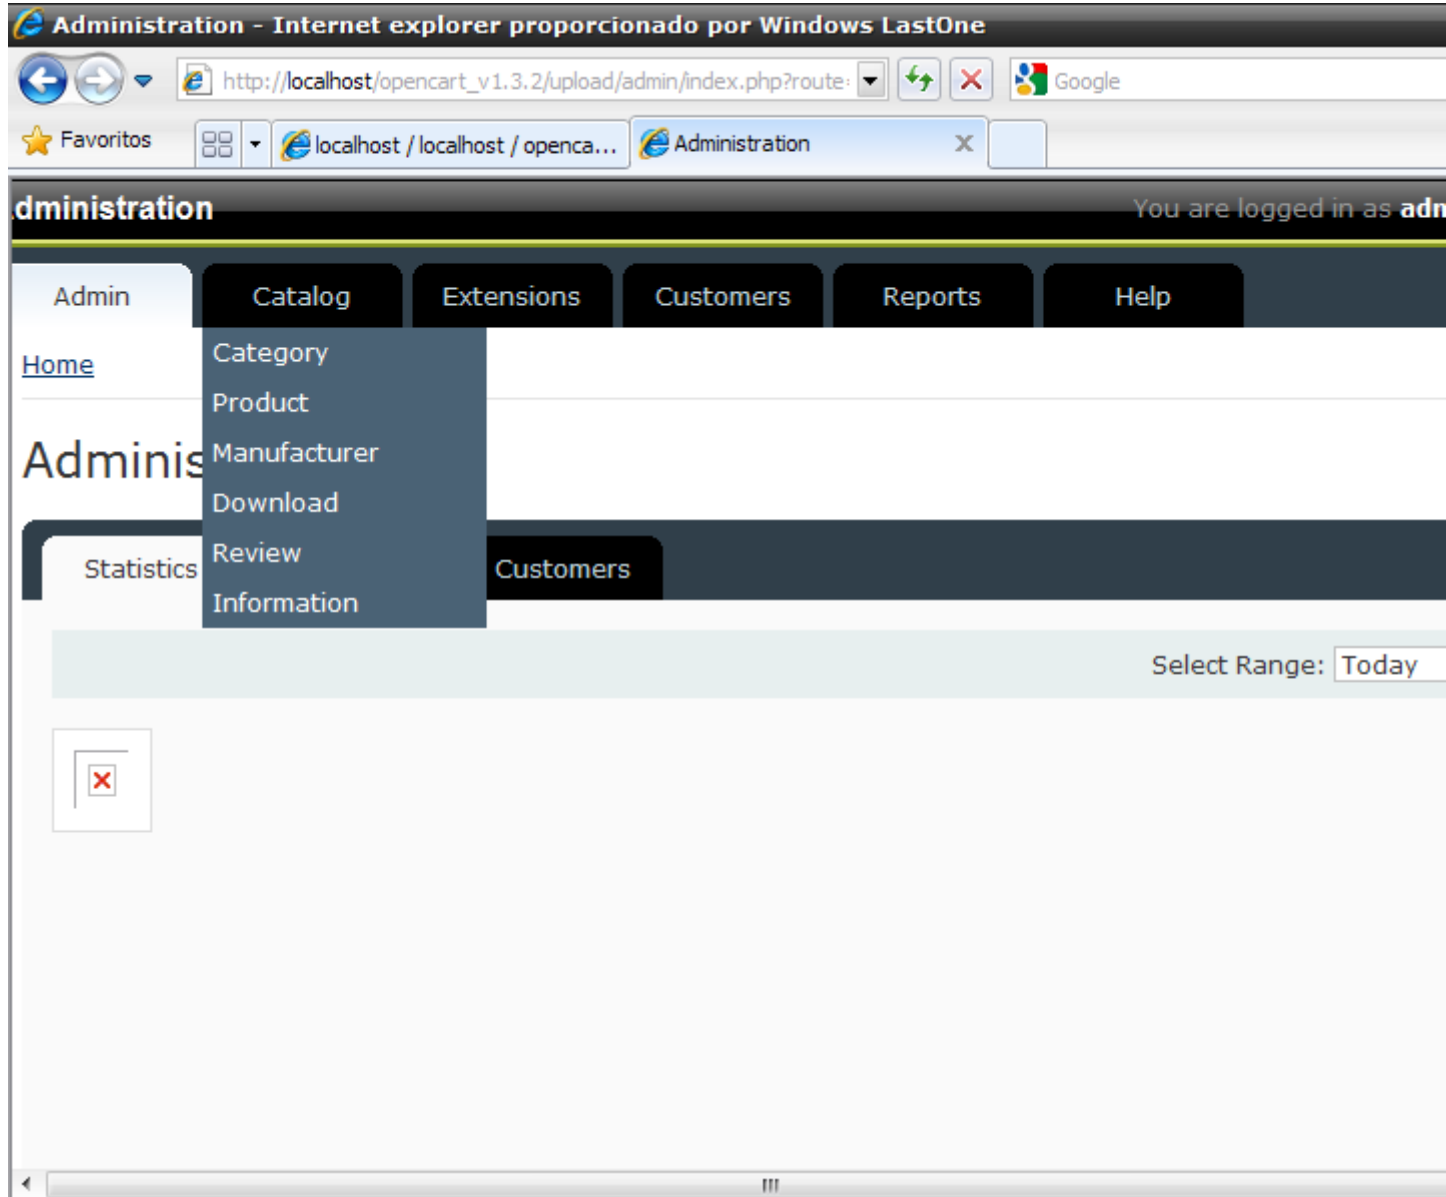

At the bottom of the page, there are three links: [Project Homepage](#), [Documentation](#), and [Support Forums](#).

On the left side, there is a navigation menu with three items:

1. **Pre-Installation**
2. Configuration
3. Finished

Paso 7

Entramos al administrador de sitio y empezamos a configurar open cart

The screenshot shows the OpenCart administration interface accessed via Internet Explorer. The browser's address bar displays the URL: `http://localhost/opencart_v1.3.2/upload/admin/index.php?route=`. The page title is "Administration - Internet explorer proporcionado por Windows LastOne". The interface includes a navigation menu with tabs for "Admin", "Catalog", "Extensions", "Customers", "Reports", and "Help". A dropdown menu is open under "Catalog", listing options: "Category", "Product", "Manufacturer", "Download", "Review", and "Information". The "Admin" tab is active, showing a "Home" link and the text "Adminis". Below the navigation, there are sections for "Statistics" and "Customers". A "Select Range:" dropdown is set to "Today". A small error icon (a red 'X' in a box) is visible in the lower-left corner of the main content area.

Paso 8

Open ya listo para vender solo estaría de configurar el idioma y la moneda
